DIETITIANS: Institute for Brain Potential is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). CDR Credentialed Practitioners will receive 6 Continuing Professional Education units (CPEUs) for completion of this activity. Provider Number: BP001. CPE Level: I. Suggested Learning Codes: 5320, 5350, 6020, and 6070. CDR-approved credit is available for only the interactive webcast of the program.

RESPIRATORY CARE PROFESSIONALS: RCPs in New York receive 6 hours of Category III credit through the ANCC. Institute for Brain Potential is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation (ANCC). Institute for Brain Potential is approved by the California Board of Registered Nursing (CA BRN), Provider #CEP13896, to provide continuing education. Programs offered by the CA BRN approved providers of CE are accepted by the Respiratory Care Board of California.

EDUCATORS: Participants completing this program will receive 7.5 clock hours of professional development credit through a cosponsorship agreement between Alliant International University and Institute for Brain Potential. Alliant International University's graduate programs are accredited by the Accrediting Commission of Senior Colleges and Universities of the Western Association of Schools and Colleges. Please contact your school district if you need prior approval for this program.

COLLEGE EDUCATED PUBLIC: This program is recommended for individuals who wish to add to their personal and professional knowledge and to improve their health and wellbeing. Participants will receive a certificate of completion for 6 hours.

UNDERSTANDING AND TREATING POSTTRAUMATIC STRESS DISORDERS

A 6-Hour Program for Health Professionals

Interactive Webcast Schedule: Sign-in: 8:30 – 9 AM, program starts: 9 AM, lunch break: 11:30 AM, online Q & A: 12 – 12:30 PM, lecture resumes: 12:30 PM, adjournment: 4 PM. Please register early and sign in 30 minutes before the time of the webcast.

On-Demand Webcast Schedule: You may view the program in segments at your convenience from Wednesday, September 29, 2021 until Sunday, November 21, 2021. Registrants who sign up for the interactive webcast may elect to take the on-demand webcast.

Home Study Schedule: You may listen to or view the recorded lecture at your convenience until the expiration date: May 7, 2024.

Confirmation Notices and Certificates of Completion: Registration confirmations, certificates of completion, evaluation forms, and posttests are emailed or mailed. Please attend even if you do not receive a confirmation. Successful completion includes: 1) Participating in the interactive webcast, viewing the on-demand webcast or DVD recording, or listening to the CD recording, 2) Submission of the evaluation form and post-test by email or mail, and 3) Receiving a passing score of 70% on the post-test. You may retake the exam without penalty or fee. No partial credit will be given.

Transfers and Cancellations: Registrants wishing to transfer or cancel have four options: 1) Transfer to alternate date of the webcast, 2) Transfer to another scheduled webcast, 3) Receive a full-value voucher good for one year for any live or recorded program, or 4) Obtain a full refund minus a \$15 fee by submitting a refund request in writing or by email at refund@ibpceu.com.

24/7 Customer Service: Call (888) 202-2938 to ask about course content, instructors, corrections, grading, problem resolution, provide comments, request disability accommodations, submit a formal grievance, or remove your name from a list. To view detailed agenda for the webcast and system requirements to participate in the program, visit: www.ibpceu.com/info/ptxi.pdf

Institute for Brain Potential: Since 1984, our non-profit organization (tax ID 77-0026830) has presented informative and practical seminars. IBP is the leading provider of accredited programs concerning the brain and behavioral sciences.

UNDERSTANDING AND TREATING POSTTRAUMATIC STRESS DISORDERS

FREQUENTLY ASKED QUESTIONS

Q: Is there a way to enjoy the webcasts without being at my computer for 6 hours? What if I am not free on any of the scheduled dates of the broadcasts?

Yes! First, register for the program. You will receive a link to view the program starting September 29 until November 21. The program will be divided into four segments of approximately 75 minutes for user-friendly viewing.

Q: What if I have technical issues getting and staying connected, difficulty seeing the slides, or hearing the speaker?

We have an expert videographer to capture the sound and slides. We will make copies of the outline available to the participants. Further, in the unlikely event that you have connection problems, IBP will provide registrants with a free set of 4 CDs or DVDs of the entire program.

Q: I'd like to view the program and receive credit but without watching the live program or downloading it and still receive continuing education credit. Can I do this?

Yes! The cost of the DVD or CD set will be the same as the cost of the live program. Register now, let the operator know you will want the CD or DVD set (specify which), and make sure your profession is included in our online brochure.

Q: Can I attend this program live?

Yes, but only if you live in a city where IBP is currently presenting this seminar.

Q: My profession is not included on the brochure. Can I receive continuing education credit?

Maybe. Please contact our customer service at (888) 202-2938.

Q: How long does it usually take to receive a certificate of completion?

Typically, within 3 or 4 business days.

In this informative and practical program is designed for health professionals in medical, dental and behavioral settings. Participants will acquire an in-depth understanding of how trauma and PTSD are diagnosed, how the brain is altered, best practices for treatment, and pathways to attaining posttraumatic growth.

Participants completing this 6-hour program should be able to:

- 1. Identify common characteristics of trauma and posttraumatic stress disorder including differential diagnoses, clinical presentations, and cultural considerations.*
- 2. Explain key approaches to understanding how PTSD develops and is perpetuated; including the Fear Network and the role of Emotional Processing.*
- 3. Describe the core brain regions implicated in PTSD, along with common nervous system responses in relation to trauma.*
- 4. List several research-backed methods for treating PTSD according to clinical presentation and severity.*
- 5. Discuss key tools for treating trauma, including Grounding, Exposure-Based Techniques, and Cognitive Restructuring.*
- 6. Review principles of Posttraumatic Growth.*

Understanding Trauma and PTSD

"An abnormal reaction to an abnormal situation is normal behavior."

- **Diagnostic Features:** core symptoms of PTSD and complex PTSD, and how a fundamental understanding of trauma has changed over the years.
- **What Initiates and Maintains PTSD:** understanding how PTSD develops following trauma and how symptoms are maintained over time.
- **Culture-Related Differences in How PTSD Differs:** and best practices in culturally sensitive and effective healthcare.

The Impact of Trauma on the Brain

"I learned that courage was not the absence of fear, but the triumph over it."

- **How Trauma Impacts the Brain:** how experiences of trauma lead to changes in the structure and organization of the amygdala, hippocampus, and prefrontal cortex
- **Survival Responses:** understanding and differentiating between different phases of survival reactions including fight, flight or freeze, and collapse/submit, and how trauma gets frozen in memory and automatic habits.
- **Finding the Window of Tolerance:** helping clients move from hyperarousal or hypo-arousal to find an optimal balance in which they can access adaptive cognitive and emotional experiences.
- **Brain-Based Insights Concerning the Recovery Process:** explore how effective psychological and exposure-based approaches affect the cortical, limbic, and deeper structures of the brain.

Key Approaches in the Treatment of Traumatic Stress

"When we are no longer able to change a situation, we are challenged to change ourselves."

- **Considerations for Treatment Planning:** how to assess readiness for change, internal resources, and common coexisting conditions such as anxiety, depression, and substance use disorders.
- **The Healing Relationship:** how the therapeutic relationship plays an especially important role in the recovery from trauma, particularly in cases of complex trauma.
- **Understanding Common Treatment Approaches:** explore how Cognitive Processing Therapy, Prolonged Exposure, the Universal 3-Phase Model, and other approaches.

Essential Tools for Treating PTSD

"Although the world is full of suffering, it is full also of the overcoming of it."

- **Calming the Nervous System:** learn how patients can acquire key skills to activate the parasympathetic nervous system while reducing sympathetic arousal.
- **Breaking the Cycle of Avoidance:** discover how avoidance-related behaviors self-reinforce over time, and how exposure-based strategies can help clients reclaim their lives.
- **Restructuring Beliefs:** identify how to help clients process traumatic memories safely and overcome limiting beliefs that stem from traumatic experiences.
- **Additional Approaches:** how grounding, self-compassion, mindful awareness, and Image Rehearsal Therapy can help clients overcome symptoms of trauma and improve sleep.

Fostering Posttraumatic Growth

"Do not judge me by my successes, judge me by how many times I fell down and got back up again."

- **A Brighter Future:** explore the core elements of Posttraumatic Growth, and how to help clients achieve a more positive identity following trauma and to find greater meaning and purpose in their lives.
- **Creating Lasting Change:** understand how to help clients reconnect to a healthier sense of self, and to foster meaningful relationships.

ABOUT THE INSTRUCTOR

Jonah Paquette, Psy.D., is the Assistant Director for Regional Mental Health Training at Kaiser Permanente in Northern California. Dr. Paquette, an expert in applying cognitive, exposure-based and positive psychology, helps to oversee the education and training of mental health trainees in multiple departments spanning Northern California. He supervises health professionals in the treatment of traumatic and posttraumatic disorders. Dr. Paquette is the author of three research-based books entitled, "Real Happiness: Proven Paths for Contentment, Peace and Well-being," "The Happiness Toolbox," and most recently "Awestruck."

An outstanding speaker, Dr. Paquette has developed seminars to health professionals throughout much of the United States and internationally on topics including Applying Cognitive Behavioral Techniques to Create Sustainable Change and The Happiness Edge. Participants highly recommend Dr. Paquette's presentations for his ability to practical strategies in ways that can lead to meaningful change.

In addition to Q & A sessions in class, Dr. Paquette will answer your questions by email after the program concludes.
