A New 6-Hour Seminar for Health Professionals, Spring, 2017 \$79

REASONING WITH UNREASONABLE PEOPLE: FOCUS ON DISORDERS OF EMOTIONAL REGULATION

In this six-hour program, health professionals will learn how people reason with selected disorders of mood, anxiety, OCD, anger, and personality.

Practical strategies will be presented to facilitate meaningful change in patients and health professionals working in medical, dental, and behavioral health settings.

Participants completing this program should be able to:

1. List several paths to achieving effective emotional communication.
2. Outline an effective strategy to reason with a person who has a disorder of mood, anxiety, OCD, anger, or personality.
3. Describe a strategy for reasoning or having a difficult conversation with a person who is experiencing pain, illness or vulnerability.
4. Describe a calming strategy including the practice of mindfulness for health professionals who are experiencing strong emotions.

Schedule: Check in: 8:15-9 AM, program starts: 9 AM, lunch (on own): 11:30 AM, Q&A and discussion with instructor: 12-12:30 PM, lecture resumes: 12:30 PM, adjournment: 4 PM. Please register early and arrive before the start time. Space is limited.

Group Registrations: Rates apply for 3 or more pre-registered guests enrolling together. Please complete a separate registration form for each person. Members of a group can attend on different dates.

Confirmation Notices and Certificates of Completion: We will confirm your registration by email or by letter. Please attend even if you do not receive a confirmation. Registrants are responsible for parking fees, if any. Successful completion includes full attendance and submission of the evaluation form. No partial credit will be given. Certificates of completion are provided at the time of adjournment.

Transfers and Cancellations: Registrants can transfer to another seminar if space is available. Registrants canceling up to 48 hours before a seminar will receive a tuition refund less a \$15 administrative fee, an audio CD or DVD recording of the seminar with the instructional outline, if available, or if requested, a full-value voucher good for one year, for a future seminar. In the unlikely event that the seminar cannot be held (e.g., an act of God), registrants will receive free admission to a rescheduled seminar or a full-value voucher, good for one year, for a future seminar. All requests must be made in writing or online. No IBP program has ever been cancelled as the result of low attendance. We anticipate that participants will have desks at most locations.

Customer Service: Call 888-202-2938 to ask about course content, instructors, request accommodations for disability, submit a formal grievance, or remove your name from a list. For other questions, call 866-652-7414.

Pathways to Effective Reasoning

- **Assuring the Person Feels Heard:** emotional healing begins when the patient's concerns are acknowledged.
- **Focusing on Feelings:** identifying unresolved emotional stressors.
- **Emotion-Sustaining Beliefs:** What purpose does this emotional state serve? What beliefs sustain it? Are there unresolved emotional stressors?
- **Identifying the Patient's Strengths:** channeling the wellness with the mental or physical illness to facilitate healing.
- **Core Emotional Concerns:** to feel appreciated, to be treated as an equal, to have the freedom to decide, and to be respected.
- **Beyond Reason:** rage, acute mania, delirium, substance-induced states, psychosis, and dementia.

Mood Disorders

- **Depressive Disorders:** Major Depressive Disorder and Persistent Depressive Disorder (Dysthymia); understanding the mindset that one's problems are personal, pervasive and permanent.
- **Bipolar Disorders:** Bipolar I, II and Cyclothymic Disorders; the role of mania, hypomania and chronicity; the manic mindset of feeling invulnerable, brilliant, euphoric, and infallible.

Generalized Anxiety, Obsessive Compulsive Disorder and Perfectionism

- **Generalized Anxiety:** understanding chronic, uncontrollable and irrational anxiety; how feeling "unsafe" perpetuates chronic worrying.
- **Obsessive Compulsive Disorders:** key triggers underlying unwanted and habit-based, automatic thoughts and overvalued ideas associated with impulses and rituals.
- **Perfectionism:** understanding people who have unrealistic standards for themselves or others and are highly critical when they are not met; how perfectionism, an OCD spectrum trait, can lead to emotional burnout.

Passive and Aggressive Forms of Anger

- **Passive Anger:** covert efforts to undermine another person's effectiveness; identifying the "hidden agenda."
- **Aggressive Anger:** blaming, shaming, provoking, threatening, bullying, avenging; understanding the "hurt" behind the anger, the person's justification for not being able to forgive, and the adverse health risks of experiencing chronic anger.

Selected Personality Disorders

- **Key Features:** inflexibility, crisis, cluelessness, impaired problem-solving, avoidance of treatment; distinguishing between character and traits.
- **Antisocial (Sociopathic):** the view that rules are meant to be broken, intolerance for frustration, need for immediate gratification, and exaggerated sense of intelligence.

- **Borderline:** impaired sense of identity, fear of abandonment, intense psychic pain, anger, idealization or demonization; risk of self-harm.
- **Narcissistic:** exaggerated self importance, need for special attention, and the entitlement to seek pleasure, status or power.

Strategies for Helping Patients With Strong Emotions

- **Cognitive Restructuring:** reframing automatic negative thoughts.
- **Shifting the Focus to Problem Solving:** identifying solutions and using pros and cons.
- **Exposure-Based Treatments:** confronting and overcoming fears and reducing compulsions.
- **Emotion Regulation Techniques:** personalized approaches to calming, breathing training, imagery, and relaxation.
- **Dialectical Behavioral Therapy:** focus on Mindfulness, Distress Tolerance, Emotion Regulation and Interpersonal Effectiveness.
- **Disengaging from Pathological Interactions:** Gottman's Four Horsemen of the Apocalypse: contempt, criticism, stonewalling, and defensiveness.
- **Handling Difficult Conversations:** six rules of thumb to communicate in ways that lead to meaningful change.

Calming Strategies for Health Professionals

- **Resilience-Based Reasoning:** focusing on ways we can manage stressors and recover from setbacks by identifying our strengths.
- **Balancing Priorities:** reducing excessive demands by reviewing complex challenges at home and at work.
- **Changing the Narrative:** rethinking how we view the past, respond to the present, and reimagine the future to increase happiness.
- **Acceptance:** learning to accept in self and others the traits that are unlikely to change.
- **Practicing Mindfulness-Based Stress Reduction:** non-judgmental, moment-to-moment awareness by staying calm in the moment.

ABOUT THE INSTRUCTOR

Martin M. Antony, PhD an internationally recognized expert in assessing anxiety and related disorders, is Professor and Chair of Psychology at Ryerson University in Toronto. Dr. Antony has written extensively on thoughts that perpetuate disorders of mood, anxiety, anger, and personality and effective ways for health professionals to reason with individuals with disorders of emotional regulation. Further, his research and texts provide practical calming strategies for health professionals to help facilitate meaningful change.

An outstanding speaker, Dr. Antony has given over 400 presentations and seminars to health professionals around the world. Audiences highly recommend his presentations for their abundance of practical information, insightful case examples, and clinical wisdom. Participants receive a detailed outline prepared by Dr. Antony including key references and resources. In addition to Q & A sessions in class, Dr. Antony will answer your questions during the second half of the lunch break and by email after the program concludes.
