

Aging, Memory and SuperAgers

A 6-Hour Home Study Program for Health Professionals

NURSES: Institute for Brain Potential (IBP) is accredited as a provider of nursing continuing professional development by the **American Nurses Credentialing Center's Commission on Accreditation**. IBP is approved as a provider of continuing education by the **California Board of Registered Nursing**, Provider #CEP13896, and **Florida Board of Nursing**. This program provides 6 contact hours.

PSYCHOLOGISTS: Institute for Brain Potential is approved by the American Psychological Association to sponsor continuing education for psychologists. Institute for Brain Potential maintains responsibility for this program and its content. This program provides 6 CE credit. Institute for Brain Potential is recognized by the **New York State Education Department's State Board for Psychology** as an approved provider of continuing education for licensed psychologists #PSY-0090. IBP is approved as a provider of continuing education by **FL Board of Psychology**. This course provides 6 contact hours of CE credit.

COUNSELORS, SOCIAL WORKERS & MFTs: Institute for Brain Potential, Provider Number: 1160, is approved as an ACE provider to offer social work continuing education by the **Association of Social Work Boards (ASWB)** Approved Continuing Education (ACE) program. Regulatory boards are the final authority on courses accepted for continuing education credit. ACE provider approval period: 11/11/23 - 11/11/26. Social workers completing this course receive 6 clinical continuing education credits.

Institute for Brain Potential is approved as a provider of CE by **FL Board of Clinical Social Work, MFT and Mental Health Counseling** and by **IL Dept. of Professional Regulation MFT CE Sponsor Program**, Sponsor #168.000183. Institute for Brain Potential (IBP), SW CPE is recognized by the **New York State Education Department's State Board for Social Work** as an approved provider of continuing education for licensed social workers #0341. Institute for Brain Potential (IBP) is recognized by the **New York State Education Department's State Board for Mental Health Practitioners** as an approved provider of continuing education for licensed mental health counselors. #MHC-0134. Institute for Brain Potential (IBP) is recognized by the **New York State Education Department's State Board for Mental Health Practitioners** as an approved provider of continuing education for licensed marriage and family therapists. #MFT-0068. The **Ohio CSWMFT Board** accepts ASWB-approved continuing education programs for social workers. This program provides 6 contact hours.

CHEMICAL DEPENDENCY PROFESSIONALS: Institute for Brain Potential (IBP) is accredited as a provider of nursing continuing professional development by the **American Nurses Credentialing Center's Commission on Accreditation**. IBP is approved as a provider of continuing education by the **California Board of Registered Nursing**, Provider #CEP13896, and **Florida Board of Nursing**. This program provides 6 contact hours.

PHARMACISTS AND PHARMACY TECHNICIANS: Institute for Brain Potential is accredited by the **Accreditation Council for Pharmacy Education** as a provider of continuing pharmacy education. This knowledge-based activity is designated for 6 contact hours (0.6 CEUs). UANs: 0492-0000-22-030-H04-P and 0492-0000-22-030-H04-T. This program has been pre-approved by the **Florida Board of Pharmacy** for 6 hours of continuing education credit.

DENTAL PROFESSIONALS: This program provides 6 CE hours. Institute for Brain Potential, provider RP-4261, is authorized to confer continuing dental education for Dentists, Dental Hygienists and Dental Assistants by the **Dental Board of California**. Please contact your school district if you need prior approval for this program.

COLLEGE EDUCATED PUBLIC: This program is recommended for individuals who wish to add to their personal and professional knowledge and to improve their health and wellbeing. Participants will receive a certificate of completion for 6 hours.

This program focuses on the habits of SuperAgers, seniors with outstanding memories and of people who live long and healthy lives.

Learn why lifestyle habits are more important than genes in influencing who retains outstanding mental capabilities, who develops mild cognitive impairment and who develops dementia.

This program includes lifestyle factors that protect the aging brain from neurodegenerative disorders and neurotoxic stress.

Participants completing this program should be able to:

- 1. List key habits that can protect short-term, long-term and "working" memory.*
- 2. Name key cognitive habits that protect against neurotoxic stress that can occur in stress related disorders including major depression, trauma, PTSD, and addictive disorders.*
- 3. Cite key lifestyle habits of SuperAgers associated with exceptional health.*
- 4. Outline key habits of people who are most likely to live to be 100.*

Neurogenerative Disorders

- Brains At-Risk
- Key Initial Symptoms of Leading Dementias
 - Alzheimer's Disease
 - Frontotemporal Dementia
 - Parkinson's Dementia
 - Vascular Dementia
 - Limbic Dementia (LATE)
- Protecting Working Memory
- Protecting Short-Term Memory
- Improving Long-Term Memory

Preventing Neurotoxic Stress

- Stress, Inflammation and the Immune System
- Emotion Regulation
- Depression
- Trauma and PTSD
- Addiction-Related Disorders
- Stress Resilient Habits

Lifestyle Habits

- Diet
 - Mediterranean, Okinawan and other Diets
 - Nutrients and the Aging Brain
 - Anti-inflammatory Agents
 - Meals
- Sleep
 - Pre-sleep Rituals that Calm an Overactive Brain
 - Maintaining Sleep
 - Restorative Sleep
 - Meals
- Psychological
 - Positive Mindset
 - Resilience
 - Awareness Without Judgment
- Physical Activity: It is Never Too Late
 - The Best Predictor of Healthy Longevity
 - Strong for Life
 - Aerobics
- Habit Formation and Practice

ABOUT THE INSTRUCTOR

Mark B. Moss, Ph.D. (Chair Emeritus, Neuroscience, Boston University School of Medicine), NIH MERIT-Award recipient, is a leading expert in evidence-based strategies to protect the aging brain. His recent publications are among the first to demonstrate a cognitive benefit of the aging brain related to an anti-inflammatory nutrient.

In his inspiring and practical presentations, he distills key findings, presenting them in non-technical terms. Dr. Moss makes his lectures memorable through the use of fascinating case histories and translation of research into positive habits. His programs include "Memory: How it Works, How It Fails and How to Improve it" and "Understanding Executive Functions." Participants receive a detailed outline for all lecture topics that has been prepared by Dr. Moss.
