

The Immune System: The Mind-Body Connection: Who Gets Sick And Who Stays Well

A 6-Hour Home Study Program for Health Professionals

Fundamental advances have been made in understanding the link between mental states and immune function. The discipline called psychoneuroimmunology has provided important discoveries concerning who gets sick and who stays well.

Psychological stress, expectancy, mood, sleep, physical activity and inflammatory foods and nutrients play an important role in health and chronic inflammation. New discoveries are revealing how chronic inflammation underlies the onset and progression of the most common chronic disorders.

Participants completing this program should be able to:

1. Identify parts of the immune system that are affected by mental states.
2. Describe how disorders of inflammation influence the development of chronic medical, dental, and psychological disorders.
3. Discuss how chronic stress affects fatigue, stress-related eating and the immune system.
4. Describe how cerebral inflammation influences mood and Alzheimer's disease.
5. List strategies to support immune system health based on current research findings.

NURSES: Institute for Brain Potential (IBP) is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. IBP is approved as a provider of continuing education by the California Board of Registered Nursing, Provider #CEP13896, and Florida Board of Nursing. This program provides 6 contact hours.

ABOUT THE INSTRUCTOR

Margaret Kemeny, Ph.D., is Professor of Psychiatry and Director of Health Psychology at the University of California, San Francisco. An expert in the immune system and health psychology, she is one of the leading scientists to advance the field of psychoneuroimmunology. Her re-search focuses on how thoughts and emotions affect the response to stress, the immune system and physical health. Her research has been supported by the National Institutes of Health and other major organizations.

Dr. Kemeny is an outstanding teacher and mentor. An acclaimed speaker, she has presented programs to the full spectrum of health professionals throughout North America and is one of our most well-received instructors. Audiences consistently commend Dr. Kemeny for her wealth of practical information, her special ability to make complex concepts easily understood, and her enthusiasm and warmth.

How to Receive Home Study Credit

1. Course materials are delivered to you within 5-7 days from the date we receive your order.
2. For recorded programs, watch or listen to the lecture and review the course outline. For text-based programs, read the written materials.
3. Complete the multiple-choice questions or short-written essays based on the course objectives. A passing score is 70%. In the unlikely event that you need to retake the exam, you may do so without penalty or fee. You have at least one year to complete any of the programs.
4. Submit the completed evaluation and exam to IBP by email at ceu@4brain.org, fax at (209) 710-8306 or mail at IBP Distance Learning, PO Box 2238, Los Banos, CA 93635.
5. Certificates of completion are provided upon receipt of the evaluation form and the post-test. Please let us know whether you wish to receive it by email, fax, or mail.

30-Day Refund and Return Policy

If you are not completely satisfied, you may exchange the materials for a recorded or text-based program of equal value or receive a refund minus a \$15 processing fee by sending the materials in resalable condition to: IBP Distance Learning, PO Box 2238, Los Banos, CA 93635.

Dedicated Customer Service

Call (888) 202-2938 to inquire about program content, instructors, corrections, grading, or problem resolution, provide comments, request disability accommodations, or submit a formal grievance. IBP complies with ADA requirements.

The IBP Experience

We are the leading provider of accredited programs concerning the brain and behavioral sciences. Programs include fascinating and informative presentations by outstanding and highly qualified instructors. DVDs are an excellent alternative to television and CDs are ideal for long commutes. Our non-profit organization has been providing home study programs since 1985.
