

Meditation

A 6-Hour Home Study Program for Health Professionals

This program is designed to help you understand and experience various forms of meditation from ancient healing traditions of the East to contemporary Western practices.

Participants completing this program should be able to:

- 1. Distinguish between two major forms of meditation, mindfulness-related states and focused awareness.*
- 2. Identify selected features of meditative traditions originating in India, Tibet and Japan.*
- 3. Name several evidence-based health-related benefits of contemporary meditative practices.*
- 4. Describe how to develop personalized meditation programs to improve health and wellbeing of clients in medical, dental, behavioral or other health professions.*

- Judging the Benefits of Non-Judgmental States
- Acquiring the Habit of Non-Habitual Thinking
- Replacing Fast Thinking with Slow Wisdom

ABOUT THE INSTRUCTOR

Dennis Marikis, PhD. (Ohio State University), is an acclaimed psychologist, clinician, and researcher, with expertise in using meditation and neurofeedback to treat a wide range of disorders occurring in patients seen in medical, dental, and behavioral health practices.

Dr. Marikis has developed and presented training programs for health professionals throughout the United States for over 20 years. An outstanding speaker, Dr. Marikis has appeared on many radio programs and has been known as the "radio psychologist." Participants appreciate the use of innovative teaching methods including the use of film and the opportunity to practice and experience different meditative practices.
