

Shyness and Social Anxiety: Evidence-Based Techniques for Overcoming Fear

A 6-Hour Home Study Program for Health Professionals

There have been significant advances in assessing and treating social anxiety and, in particular, extreme shyness and performance-related fears in children and adults.

This program presents step-by-step techniques for overcoming fears by presenting the full range of evidence-based treatments including cognitive strategies, exposure-based treatments, social skills training, mindfulness and acceptance-based approaches, and pharmacotherapy.

Participants completing this program should be able to:

1. Describe characteristics of the spectrum of social anxiety disorders including shyness.
2. Discuss origins, associated features and common coexisting disorders.
3. Identify evidence-based psychological and pharmacological treatments for shyness and social anxiety disorders.
4. List several clinical tools and insights to successfully implement treatments for social anxiety and shyness.

NURSES: Institute for Brain Potential (IBP) is accredited as a provider of continuing nursing education by the **American Nurses Credentialing Center's Commission on Accreditation**. IBP is approved as a provider of continuing education by the **California Board of Registered Nursing**, Provider #CEP13896, and **Florida Board of Nursing**. This program provides 6 contact hours.
