

Pathways to Successful Aging

A 6-Hour Home Study Program for Health Professionals

This evidence-based program describes five key factors that support successful aging: social interaction, physical activity, education, diet and sleep.

As a result of completing this program participants will be able to identify:

- 1. How social support is linked to wellbeing, cognition and longevity, while loneliness and isolation are identified with depression and dementia.*
- 2. How physical activity supports neurogenesis, reduction of inflammation, normalization of blood glucose and enhancement of cell repair.*
- 3. How the lifelong pursuit of learning is associated with reduced risk of cognitive decline and dementia.*
- 4. How a healthy diet supports key neurotransmitters, protects the brain from Type 2 diabetes, rapid aging, cognitive decline and dementia.*
- 5. How sound sleep supports memory consolidation, brain glucose metabolic activity and cognition.*

NURSES: Institute for Brain Potential (IBP) is accredited as a provider of continuing nursing education by the **American Nurses Credentialing Center's Commission on Accreditation**. IBP is approved as a provider of continuing education by the **California Board of Registered Nursing**, Provider #CEP13896, and **Florida Board of Nursing**. This program provides 6 contact hours.
