

Treating Borderline Personality Disorders: Understanding Intense, Impulsive, and Volatile Relationships

A 6-Hour Home Study Program for Health Professionals

People with borderline personality disorder exhibit fear of abandonment, volatile relationships, impulsivity, mood swings, and intense anger.

These intensely emotional yet chaotic individuals can confuse and bewilder health professionals, educators, and families. This program is designed to enhance your understanding of the origins, symptoms, and treatments of borderline personality disorder for professionals working in medical, dental, and behavioral settings.

Participants completing this program should be able to:

1. Describe five clinical criteria for diagnosing personality pathology.
2. List key features of the borderline personality disorder.
3. Compare and contrast different treatments.

NURSES: Institute for Brain Potential (IBP) is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. IBP is approved as a provider of continuing education by the California Board of Registered Nursing, Provider #CEP13896, and Florida Board of Nursing. This program provides 6 contact hours.
